FINGER MEASUREMENT

If you don't have a suitable ring in order to determine your ring size then please use our finger measurement tool, a simple measuring tool which you can cut out and use to measure your ring finger size.

How to use the tool?

1. Print the page (check print settings) and cut out the measurement tool.
2. Cut along the dotted line to form a slot where you can then insert the tip of the measuring tool in order to then...
3. ...wrap the tool around your finger and position it at the widest part of your finger.
4. Tighten the measurement tool to the point where it feels comfortable.

Then note the size on the measurement tool and place your order.

PRINTER SETUP

In order to get the correct result make sure that the printers settings are set to “true/actual size”. Please check that the printer is not set up with different options or to resize. (no adjustment or resize options).

This guide must be printed on an A4 page (21x29.7 cm).

To make sure that the guide has been printed correctly, we recommend that you use a ruler and measure the example below: this example should measure 5 cm exactly or 2”.

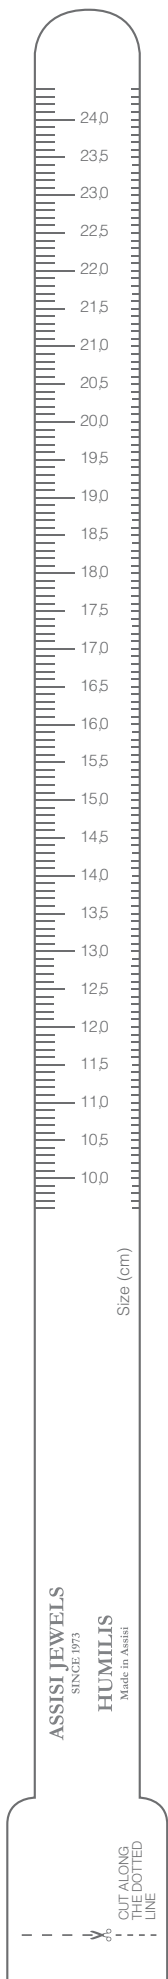

WRIST MEASUREMENT

If you do not have a bracelet to determine your wrist size then we suggest using our wrist measurement tool, a simple tool that you can cut out.

How to use the wrist measurement tool?

1. Print the page (check print settings) and check the length of the measurement tool.
2. Cut along the dotted line to form a slot where you can then insert the tip of the measuring tool in order to then....
3. ...wrap the tool around your wrist and tighten it as far as it will comfortably go.

You will then be able to read the correct measurement and place your order.

BRACELET MEASUREMENT

In order to establish the correct size of the bracelet we recommend that you accurately measure the circumference of your wrist. For your convenience please use the measurement tool on the previous page or use a tape measure. Otherwise, you can use a piece of string and wrap it around your wrist and then measure the length of the string with a ruler.

Please Note. It is important to add 1cm to the measurement result, as specified in the following table.

COMFORTABLY TIGHT WRIST MEASUREMENT	RECOMMENDED MEASUREMENT
from 15,5 to 16,4 cm	17 cm
from 16,5 to 17,4 cm	18 cm
from 17,5 to 18,4 cm	19 cm
from 18,5 to 19,4 cm	20 cm
from 19,5 to 20,4 cm	21 cm
from 20,5 to 21,4 cm	22 cm
from 21,5 to 22,4 cm	23 cm
from 22,5 to 23,4 cm	24 cm
